EXCLUSIONS AND LIMITATIONS OF THE PRESENT GUARANTEE

- 1). The guarantee covers for 5 years every manufacturing fault or damage. ***In no case this means replacement of the whole system but only the replacement or repairing of the faulty or damaged part of the system.*** The electric resistance and the thermostat have a guarantee of one (1) year. The glass cover is not covered by the insurance.
- 2). The faulty product will have to be delivered back to our premises, any transportation charge, customs clearance, reshipment, costs associated with installation, removal or reinstallation of the product or any other costs ***are paid by the client in advance.*** The product will be accompanied by a copy of ***purchase- scheduled maintenance works invoices,*** for either repair or replacement according to OLYMPIC SUN discretion.
- 3). The byer is charged for every visit of our technicians at the place of repairing..
- 4). The guaranty is not valid for troubles that are caused from carelessness, ommision or bad installation from a non licensee installer, misuse, abuse, neglect or accident, alternation, on-observance of installation and maintenance instructions, Repair or modifications by someone other, Power failure surges, lighting, flood, fire, accidental breakage or other events outside OLYMPIC SUN's control.
- 5). ***The water pressure in the system must not exceed 6 bar in any case. Therefore a pressure reducing device must be used according to TOTEE 2411/86 § 11.1.3 & 8,3,2.*** and under the European directives.
- 6). **The magnesium anode must be replaced every year according to TOTEE 2411/86 § 8.1.3 & 13.3 and Nach DIN 4753 Teil 6 Febr. 1986.**
- 7). The guarantee is valid from the date of purchase.
- 8). The repair or replacement of a faulty part does not cause beginning of new warranty terms, nor shall the original terms of this "Limited Warranty the product be extended.
- 9). These "Limited Warranties for the product as set forth herein are expressly in lieu of and exclude all other express or implied warranties, including but not limited to warranties of merchantability and of fitness for particular purpose, use, or application, and all other obligations or liabilities on the part of OLYMPIC SUN, unless such other obligations or liabilities are expressly agreed to in writing signed and approved by OLYMPIC SUN.
- 10). OLYMPIC SUN has no responsibility or liability whatsoever for damage or injury to persons or property, or for other loss or injury resulting from any cause whatsoever arising out of or related to the product,including, without limitation, any defects in the product,or from use or installation.Under no circumstances shall OLYMPIC SUN be liable for incidental, consequential or special damages, howsoever caused. Loss of use, Loss of profits, loss of production, loss of revenues are therefore specifically but without limitation excluded. OLYMPIC SUN's aggregate liability, if any, in damages or otherwise, shall not exceed the invoice value as paid by the client.
- 9). The guarantee is valid with the condition of regular MAINTENACE checks from with the charging of the buyer.

MAINTENANCE INSTRUCTIONS OF THE OLYMPIC SUN SOLAR WATER HEATER

- Keep the glass of the solar panel clean.
- Check annually the operation of pressure reducing valves adjusted between 3 and 4 bar.
- [In areas where the water hardness exceeds the recommended values \(hard water\) the magnesium anode should be replaced every year. In areas with moderate water hardness the magnesium anode should be replaced every two \(2\) years.](#)
- Every two years the solar panel should be opened to be cleaned and to remove any air trapped inside in order to increase the performance of the system.
- Check and repair leaks from fittings or elsewhere.
